

With the ongoing spread of the coronavirus (COVID-19) around our community and the globe, we here at Mechanical Advertising consider the health and safety of our employees and customers of primary importance.

We are carefully monitoring the ongoing crisis and managing our office and production line with all the necessary health and safety protocols. At this time, all manufacturing and supply are in operation and we are working diligently to provide the best service possible.

As you know this COVID-19 outbreak is ever changing but as the situation evolves we will continue to stay informed of government mandates and promise to communicate with our customers any changes to our service.

Should you have any questions, please feel free to contact me directly.

Stay safe and healthy.

Peter Mann
